The Porter Rockwell Trail will offer alternate forms of transportation, recreational use, and inter-modal connectivity for trail users by tying the Utah Valley Trail System with the Salt Lake Valley Trail System. The proposed path will provide non-motorized access to schools, parks, and recreational facilities.

Porter Rockwell Trail is the backbone of a planned recreational multi-use system in the area. This final phase will complete the trail system which begins at 1300 East and Pioneer Road and proceeds south-easterly parallel to the UTA track corridor where it currently terminates at approximately 14300 South and 300 East.
